

The 16th Asian Oceanian Congress of Radiology (AOCR 2016) Report

The 16th Asian Oceanian Congress of Radiology (AOCR 2016) has been held on August 18-21, 2016 at China National Convention Center (CNCC) in Beijing, China. With the theme of “Friendship, Exchange, Cooperation”, AOCR 2016 celebrates the advancement of radiology and medical imaging, promotes academic exchange and experience sharing, as well as establishes communication and cooperation platform for the profession and industry, in Asian Oceanian region.

AOCR 2016 is jointly hosted by the Asian Oceanian Society of Radiology (AOSR), the International Health Exchange and Cooperation Center of National Health and Family Planning Commission of P. R. China (IHECC), and the Chinese Society of Radiology (CSR).

Professor Zhengyu Jin, president-elect of CSR, is Congress President of AOCR 2016. Professor Jianping Dai, Qiyong Guo, Xiaoyuan Feng, and Ke Xu are Honorary Presidents of the congress.

I. Congress Review

AOCR 2016 spans three and a half days, including opening ceremony, plenary session, seminars, social program, oral and poster presentation, product and technology exhibition, luncheon seminar, etc.

- ✦ On August 19, Congress President Professor Zhengyu Jin officially announced the event, together with nine world renowned radiologists.

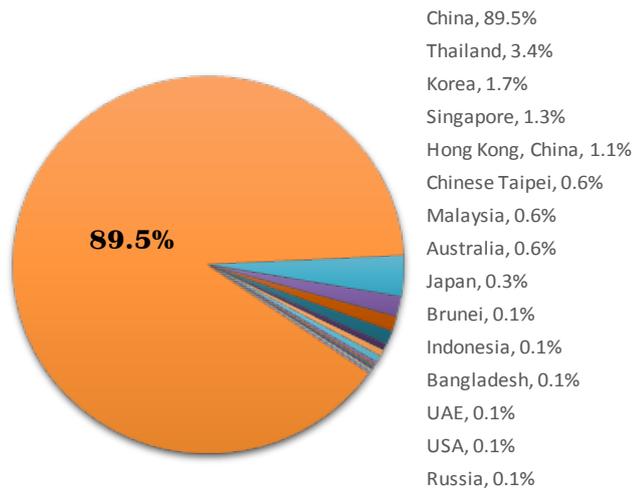

- ❖ The event invites prestigious radiologists and experts from Asian-Oceanian Region, as well as world-renowned radiologists and experts in the field, especially from Radiological Society of North America (RSNA), European Society of Radiology (ESR), International Society for Strategic Studies in Radiology (ISSSR) and other well-known professional organizations, to deliver keynote speeches and share insights at the congress.
- ❖ The event is focused on the latest advancement and hot topics of radiology, covering a wide range of subspecialties of radiology, including neurological imaging, cardiovascular imaging, molecular imaging, etc.

- ❖ A total of 67 accomplished radiologists and experts from 12 countries and regions participated at the event as guest speaker or session host.
- ❖ AOCC 2016 attracted radiology professionals from China, Thailand, Korea, Singapore and many other countries to attend the academic sessions and participate in exchange activities.

Nationality of AOCC 2016 Participants

- ✧ The congress received 150 scientific paper submissions. After careful review by the Scientific Committee of AOCR 2016, 76 abstracts were chosen for oral presentation, while 70 abstracts were selected for poster presentation.

II. Social Program

AOCR 2016 Congress Banquet was held alongside China-Hospeq 2016 (China International Medical Equipment Exhibition & Scientific Conference) on August 20. The event featured a special tour of the medical equipment exhibition. Professor Zhengyu Jin and Professor Jianping Dai led congress guests and participants through the exhibition, and the industry experts introduced and explained new technology and products to the audience.

Gold Medalist Award Ceremony was held during Congress Banquet. Professor Byung Ihn Choi, Professor Richard L. Ehman and Professor Bernd Hamm were awarded Gold Medalist, as an honor of their academic achievements and dedicated contribution.

The event also witnessed AOSR Presidential Medal Endowment and announced Professor Yi-Hong Chou to succeed Professor Kundur Prabhakar Reddy as the new President of AOSR.

III. China-Hospeq 2016

16 Premium medical imaging companies participated at China-Hospeq2016 to showcase to congress participants the latest technology and product advancement in the field of radiology, including GE, Philips, United Imaging, Siemens, etc.
